VETO NESSAGE FROM HIS HONOR THE MAYOR.
The following vota message was received from his Honor the Mayor, votoing the resolution permitting Lewis W. Phillips to construct an elevated railway.

THE HONORABLE THE BOARD OF ALDERICH —
GENTLAULE—I must return without approved the resolution that permission be granted to Lewis W. Phillips to construct an elevated railway over the builthead between Twenflich and Twenflich and

purpose of carrying coal from yeasels, without obstracting the hulkhead, to continue during the pleasure of the Common Council.

The propriety of permitting such a structure extending from the pice at Twenty-first series, would appear to be questioned under any circumstances. It could hardly fail to be a very unsightly object, and would, I doubt not, prove very among the cars phening over it if not positively dangerous from its likelity to break down. But in the present case there is this unsurnountable objections, as I learn from the peoper offer—the builthead over which it is proposed to construct the railway is private property, and as the railway will increase their and the free use of the builthead by the owners, it is clear that we ought not to grant the privace affect for without their consent.

Which was received and ordered to be printed at length at the minutes and published in all the papers employed by the Corporation.
